CUSTOM SERVICES

• cGMP Manufacturing

Our FDA-registered, cGMP-compliant facilities are equipped with next-generation machinery that can power through the most demanding work orders. We are well-versed in the FDA's latest labeling regulations and updates to ensure that your product is in full compliance.

• Graphic Design and Packaging Solutions

First impressions matter. That is why our graphic design department takes pride in creating product experiences that customers love. Whether you plan to traditionally bottle and sell your supplement or individually package it for retail display, our packaging design professionals can plan the entire product experience for you.

• Warehousing and Distribution

We scan your catalog into our state-of-the-art 3PL software and store your merchandise in our fully customized warehouse. Our EDI solution supports 1200+ retailers and distributors, accommodating various standardized exchange formats.

MAKERS NUTRITION

When business trailblazer Jason Provenzano founded Makers Nutrition, he had one goal in mind: to create a one-stop solution for dietary supplement brands of all sizes, including startups. Today, Makers Nutrition is among the most awarded companies in the nutraceutical industry, having been listed as an Inc. 5000 Fastest-Growing Companies in America, Grand International Business Award winner, and Business Intelligence Group Best Place to Work four years running.

Makers Nutrition provides clients with every available option in graphic design, packaging, manufacturing, and fulfillment. Unlike other service providers, we guarantee 24/7 customer support, competitive lead times and pricing, and low minimum order quantities. In addition to its role as the premier supplement partner, Makers Nutrition offers a successful private label program for both itself and for its softgel-specialist company, stocksoftgels.com.

We are #YourSupplementSolution for contract manufacturing services, producing high-quality powders, gummies, softgels, tablets, capsules and more. Having manufactured countless client success stories, we value your time and business. We provide solutions for some of the industry's biggest brands, while catering to the small investor, and for good reason. Remember, your product is only as good as the provider you choose, so choose Makers.
